

CORK & COLLAR

EXCLUSIVE EXPERIENCES FOR REFINED GENTLEMEN

Cork & Collar was founded on a simple belief: the finest travel experiences are built on genuine expertise, personal relationships, and an obsession with getting every detail right.

Your host, *Nicolette.*

She has spent years building relationships with the Western Cape's finest estates, winemakers, chefs, and private clubs — the kind of access that only comes from genuine passion and deep local knowledge.

As your host, she brings that world to you: effortlessly, discreetly, and with the kind of attention to detail that means you never have to think about logistics. *You simply enjoy.*

Each private journey through the Western Cape is designed for no more than ten gentlemen, where exceptional wine, world-class cuisine, and remarkable landscapes form the backdrop to something rarer still: the company of like-minded men who simply appreciate the finer things.

Experiences

Coastal & Wilderness Escapes

Guests move between rugged coastlines, ancient fynbos, and the open bush — by classic car, private charter, or on foot with an expert guide. Whether it's sundowners on a cliff above the ocean or cognac around a firepit deep in the Sabi Sands.

Experiences

Wine & Culinary Journeys

From candlelit cellar dinners with world-renowned sommeliers to long vineyard lunches in hidden valleys, these journeys are built around the Western Cape's extraordinary wine culture. Guests move between storied estates and invitation-only cellars, guided by experts who open exclusive doors.

Experiences

Championship Golf Circuits

Our golf retreats pair championship rounds at estates like Fancourt, Pearl Valley, and Arabella with private dining, whisky flights, and the kind of post-round conversation that makes the scorecard irrelevant. Designed for the gentleman who plays seriously but travels for far more than the game.

Experiences

Gentlemen's Retreats

For a private group who simply want the finest of everything, without a single unnecessary decision. These bespoke escapes are built around the pleasures that matter most — rare whiskies, premium cigars, extraordinary food, and the freedom to move at your own pace through one of the world's most beautiful corners.

What sets a Cork & Collar journey apart

01

Personal service

Every detail is handled before you think to ask. From arrival to farewell, your experience is managed by a dedicated team who understand that true luxury lies in the effortless.

02

Genuine Connection

These journeys attract a particular kind of man — well-travelled, quietly accomplished, and good company. The relationships formed here tend to outlast the trip itself.

03

Private Access

We open doors that aren't open to the public. Invitation-only cellars, private winemaker sessions, and estates that simply don't appear on any itinerary you could book yourself.

04

Discreet Hospitality

No unnecessary fanfare, no corners cut. Quiet refinement runs through every moment, whether that's a bush dinner under the stars or a whisky flight back at the villa.
